THE TEACHERS' INSTITUTE.

THURSDAY MORNING.

Music by the institute with Miss Bogie as organist. The devotional period was led by Rev. Yandle and followed by his practical talk on Character Building. "History" was the subject of the morning session, introduced and discussed briefly by Prof. Ireland, followed by Prof. Leslie Anderson on "How to Teach History," which was the best ever given to the institute. After recess the institute was given over to Mrs. W. T. Lafferty, of Cynthiana, who spoke at length in the interest of the State School Improvement League, which she was successful enough to organize in our county. Many visitors were present to enjoy the pleasure of listening to Mrs. Lafferty. To have missed hearing her was to lose the treat of the institute. The league officers elected are as follows: Miss Mattie Paxton, president; vice president No. 1, Mrs. H. D. Phillips; vice president No. 2, Miss Georgia Lewis; vice president No. 3, Mr. Leslie Anderson; vice president No. 4, Miss Kate Bogie; secretary of League, Miss Stella McClary; treasurer, Prof. J. W. Ireland.

A most interesting paper on Civil Government was read by Miss Annie Dunn and the discussion continued by Profs. Davis, Anderson, Lay and J. H. Winn. Prof. Ireland next gave us "Interest" in its fullest, truest sense and its vital use in school success. Prof. E. F. Davis, Principal of Crab Orchard Graded School, on "How to Secure Interest," made us wide awake on this subject. Some splendid remarks were given us for future help.

FRIDAY.

Music by institute with Miss Claudia Eiton as organist. Devotional exercises by Rev. Barker. Physiology was the first subject introduced and it was briefly discussed by Prof. Ireland. Wm. Coldiron continued the discussion and gave some practical suggestions for the use of sunshine and other simple means for preserving the health of the individual. Prof. Ireland discussed the attendance upon the present institute and insisted that teachers are as responsible for good attendance as pupils are for punctuality in their schools. Leslie Anderson read the report from the committee on resolutions. Supt. Singleton put the resolutions before the institute and they were adopted without a dissenting vote. Prof. Ireland closed his capacity as instructor with the same quotation from the "Chambered Nautillius" as he had begun with. Supt. Singleton announced that the teachers from each educational division would meet immediately after adjournment to organize the Teachers' Association, then he declared the work of the institute at an end. Prof. Coldiron dismissed the assembly by a short prayer at 11:30 A. M.

RESOLUTIONS.

1st. That we extend our thanks to the School Board of Stanford for the use of the Graded School building during the week, and also to the people of Stanford for the hospitality they have shown us while we were among them. We thank the pastors of Stanford for the part they have taken in the institute, and also the ladies who so kindly furnished the music. We desire to express our gratitude to Supt. Singleton for the fight he is making for the cause of education in this county.

2nd. That we endorse the action of the last General Assembly in passing the County School District law which abolished the cumbersome trustee system and created in its place a systematic organization for education in Kentucky. We especially approve of the establishment of the county high school that bridges the gap between the rural school and the State University and affords to the pupils of the country districts equal opportunity with the city pupil for higher education. We look forward to the operation of this law as tending towards greater things educationally. We pledge our loyal support to the new law and insist upon its rigid enforcement.

3rd. That we heartily approve of the great work that is being done by our two State Normal Schools in the thorough training and preparation of teachers for better and more efficient service in the public schools of our State. We encourage a liberal patronage of these schools as a means of raising the standard of education in Kentucky.

4th. That we heartily approve of the work that is being done by the School Improvement League throughout the State. We sincerely thank Mrs. W. T. Lafferty, of Cynthiana, for her able address upon this subject and also for her assistance in organizing the League in this county. We urge all true citizens to support the efforts of this League in its attempts to better the condition of our schools.

5th. That we believe the method employed in conducting the present institute to be superior to the lecture plan because of the more practical benefit derived from it, and we heartily re-

commend that we have a single county institute next year. We extend to Prof. J. W. Ireland, our present instructor, our sincere thanks and highest appreciation for the practical talks and helpful suggestions he has given us during the week. We unhesitatingly recommend Prof. Ireland to any county in need of such services as an excellent and energetic institute instructor. We greatly desire the services of Prof. Ireland as instructor next year.

6th. That the law in regard to attendance upon the institute be enforced and that the teacher who fails to attend the full session be required to teach an additional day for each day's absence, or be required to forfeit salary for the number of days absent.

7th. That we commend the work of our secretary, Miss Stella McClary, in giving an accurate and full account of the proceedings of the institute, and we also extend our thanks to the editor of the INTERIOR JOURNAL for publishing same in his splendid paper.

Mrs. Adam Carpenter and daughter, Miss Laura, of Danville, visited the institute Thursday.

Mrs. George Walden, of Danville, heard Mrs. Lafferty's address.

C. J. Sipple, of London, was with us in the interest of the Sue Bennett Memorial School and the Jumbo Camp Meeting.

Mr. James W. Carnahan, of Covington, representing Ginn & Co., spoke to the institute on Thursday morning.

School Improvement is the watch word of Kentucky for the present school year.

Ex-Teachers, Dr. Shelton, Rev. Barker, Mrs. J. C. McClary and Miss Mattie Paxton were made honorary members of the institute.

Pain will depart in exactly 20 minutes if one of Dr. Shoop's Pink Pain Tablets is taken. Pain anywhere, Remember! Pain always means congestion, blood pressure—nothing else. Headache is blood pressure; toothache is blood pressure on the sensitive nerve. Dr. Shoop's Headache Tablets—also called Pink Pain Tablets—quickly and safely coax this blood pressure away from the pain center. Painful periods with women get instant relief. 20 Tablets 25c. "Health Coffee" is really the closest Coffee imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real Coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—whom might drink it for Coffee. No. 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Penny's Drug Store.

Congressman Joseph B. Bennett voted to increase his salary to \$7,500 a year. That is more money than Joseph B. probably ever saw in his life, and to think that it might all be his for rattling around in Washington for a few months each year if the ungracious Democrats didn't intend to chase him to the tall timber next November! "Ain't it a shame?"—Cynthiana Democrat.

SPEAKING of the speech the Philadelphia Record says that there is not a ringing sentence or a stirring expression in the Taft speech of acceptance, and every statement is nicely parted in the middle. It is a calm, judicial presentation of the reasons why Taft and Roosevelt think William Howard Taft ought to be elected President. It does not read at all like a speech, and least of all like a political speech. It is as unemotional as a Court decision regarding a dispute boundary, and has not nearly the snap and vivacity of the decision of the Circuit Court of Appeals in the celebrated case of John D. Rockefeller vs. Kene-saw Mountain Landis. It is as voluminous as a Presidential message and as argumentative as a bill in equity. The decision is against the evidence and will be unquestionably set aside.

JUDGE RICHARD B. RUSSELL in the Georgia Court of Appeals, with the concurrence of the entire court, rendered an opinion to the effect that the solicitation of orders by mail in another State for whisky or other intoxicating beverages in the State of Georgia as well as in the State by any individual or corporation is a violation of the laws of the State of Georgia, and any person making such solicitation is guilty of a crime against the State. This is a far-reaching decision and a signal victory for the dry side.

OLLIE JAMES says that Kentucky and Indiana are safe for Bryan and Kern. In Iowa, Nebraska, Ohio and Michigan Bryan and Kern have a good chance for victory. Tammany Hall is for the ticket and we will carry New York. "I have assurance from John Mitchell and Samuel Gompers that they will do all in their power to swing organized labor for the ticket," says he.

ACTUALLY it looks funny to see the Courier-Journal soliciting funds for the Bryan and Kern campaign. The C.-J. is a versatile sheet any way. Four months ago it was fighting democracy and now it appears to be trying to get democrats in office.

THE Courier-Journal earned its pay Sunday. A two-column editorial and a page of whisky matter should have pleased the most fastidious of the whisky and beer trust people.

CLEVER JOHN PEARL, of London, has bought the Brea News and will make a red hot democratic paper of it. Here's success to him.

To prevent the republican Board of Printing Commissioners from removing him from his office, State Superintendent of Printing J. W. Hedden, of Mt. Sterling, one of the few democrats who still draws a salary from the State of Kentucky, has filed suit in the Franklin circuit court for an injunction to prevent the printing commission from ousting him.

Our old and esteemed friend, Judge B. L. D. Guffy, affectionately styled "Judge Alphabetical Guffy," by his friends, has bolted the political race track some more, and is now lined up with Hearst's new party. Wherever he goes there is at least one honest, incorruptible soul—a good man and true from the crown of his old battered hat to the sole of his rusty shoes.—Glasgow Times.

Gov. A. E. Wilson Friday appointed the new Board of Election Commissioners for the State, which the law says he must do before Aug. 1st in each year that an election is to be held. He reappointed Judge C. R. McDowell, of Danville, as the democratic member, and John T. Shelby, of Lexington, as the republican member. Clerk of the Court of Appeals Napier Adams is ex-officio chairman of the commission.

Gov. Folk, of Missouri, has announced his intention of making a personal investigation of lawlessness in St. Louis county, and has stated that if any official of the county or member of the grand jury requested it he would consider the advisability of sending the State militia to the county to preserve order and enforce the Sunday liquor laws. Reports of the sale of intoxicating liquors at resorts just outside St. Louis on Sundays are the causes of the proposed investigation.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys like the heart, and the stomach, and their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or if you have any of the symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

MRS. FRANK WALTON, of Cincinnati, and Mrs. T. S. Webb, of Knoxville, who are visiting in Stanford, were guests of honor at a beautiful reception given by Mrs. George L. Penny at her home on Danville Avenue Thursday afternoon from four to six o'clock. The home presented a lovely scene. Large bowls of cheery, yellow cannas and vases of roses were disposed about the rooms in an artistic manner. The dining room was brilliantly lighted and a color scheme of white and green was effectively carried out in the decorations and refreshments. The refreshment table was beautifully appointed, being bare of cover; it had in its center a handsome embroidered piece upon which was a cut glass vase of bride roses. Candelabra held candles shaded in green, and pretty dishes of bonbons and cakes completed the effect. Delicious ices moulded in macaroons, fancy cakes, mints and salted nuts were served. The time was spent in pleasant conversation, and all left further convinced of the charming powers of Mrs. Penny as a hostess.

THE Louisville Herald had the following in its write-up of the Heads of Houses' spin through the Blue Grass: "Stanford managed to keep the revelers out as late as had Cynthia. The seat of Lincoln county did her best to show the Heads of Houses that Kentuckians are Kentuckians in all portions of the State and that the Blue-grass 'howdy' is as warm as the Blue-grass heart. A reception followed the speaking, and because he had referred in glowing terms to The Herald, Secretary of State Ben L. Bruner had one of the finest experiences of his trip. He had told the people of Stanford of The Herald and found that the home town of Sam Severance and Shelton Saufley knew the paper and appreciated it. After the speaking was over Miss Clara Cooper, a Lincoln county belle, who won The Herald's popularity contest some time ago, came up to the secretary and told him she was 'for The Herald, too.' Monte Burd, Sam P. Jones and a lot of other Louisville men then sought an introduction to the beautiful girl, on the ground of a common feeling, and it was not long before the townspeople were watching the little group, who were having the time of their lives. A sister of Miss Cooper, who went to teach school in Idaho, had The Herald sent to her all the time. That's what they think of it in Stanford."

Rev. S. M. Logan is conducting a series of meetings at the Presbyterian church at Wilmore. His brother, J. V. Logan, is conducting the singing.

The Methodist church at Highland will be dedicated August 30 and preparations are already being made for the occasion. Rev. J. R. Howes, of Barbourville, will preach the dedicatory sermon. On Thursday morning my hotel and nearly everything in it was destroyed by fire, but I was fortunate in having a policy for \$1,500 with Mr. Mahony, the insurance man of Stanford, and today, just four days after the fire, the adjuster came and settled with me in full. But for the persistency of Mr. Mahony and his kindness in waiting on me for the premium, I would not have had a dollar's insurance. I want publicly to thank him and the Glens Falls Insurance Co. for their prompt and satisfactory settlement.

PRESTON 922.

(Vol. 11.)

Preston is one of the greatest five-gaited show horses that Kentucky has ever produced, winning at all the Kentucky fairs and also at the horse shows at Louisville, St. Louis and Kansas City. He is a brown horse with black points, 15½ hands high, with fine style and very high action.

Bred by Washington 84.

First dam Bell, by Rhoderick 104.

Second dam by Denmark.

It is useless to commend him, as the people of this and adjoining counties know his record as a show horse and also for breeding purposes.

He will make the season of 1908 at my stable in Crab Orchard at \$150 to insure a living colt. Will keep mares on grass at \$2 per month, but not responsible for accident or escape of stock. Season due if mare is traded or parted with.

J. C. BAILEY, Crab Orchard, Ky.

Season of 1908.

SAMPSON.

This young jack will make this season at my farm where I live the S. H. Baughman farm ½ mile South of Stanford on the Somerset pike, at \$10 to insure mare colts and \$5 to insure horse colts. I consider Sampson a great breeding jack. All of his last year colts were extra. I showed two of them at Stanford, Lancaster and Danville fairs, and won both 1st and 2nd premiums in earnings of \$10 to entries at all three fairs; also won 1st in the sweepstake ring at Lancaster, the only fair that gave a sweepstake. Eight of his 1st colts and four of his 1908 colts are now on my farm to show for themselves. I will appreciate any mares sent to him and feel sure you will not regret sending.
